

Pasture board info:

Pasture Board is available for 775.00 per month. This is a group turnout (2-4) situation. We feed, water and hay 2 x day. 7-7:30am and 4:30pm. Our feeds are an 11% protein/7% fat pellet and a 10%protein/10%fat sweet ("textured") feed. Hay is timothy/orchard mix. We happily add supplements you provide, bagged and ready to add. Pasture board is not for those horses having special needs/foods or needing private turnout. Paddocks have large run in sheds, abundant grass. During the winter or at any time that grass is not abundant, the same quality hay we use for stall board is provided.

We have a huge grass jumping ring with stadium jumps, a full size, 20 x 60 meter sand dressage arena, and a lighted covered arena, 90 x 150. Our 80 acre farm borders the 4,000 acre Walthour-Moss Foundation for nearly ½ mile, affording the ultimate trail-riding convenience. *Transportation to most MCH hunts is available.*

All horses must participate in routine worming program, consisting of regular fecal testing and de-worming as indicated by the testing. Also, autumn and spring vaccines as recommended by our local veterinarian.

We accept as boarders eventing, dressage, and hunter jumper horses.

Each boarder/horse owner must sign a release and waiver, and provide proof of health insurance.

We would welcome you to come and tour the farm, I think that you would find our riding facilities exceptional.

If you'd like to come have a look, please call/text me at 919-795-0511.
